

# REGIONAL BIOMECHANICS RESEARCH SYMPOSIUM THURSDAY 7<sup>TH</sup> DECEMBER 2023

University of Canberra, ACT

## Event Overview

The Australian and New Zealand Society of Biomechanics (ANZSB) is supporting the University of Canberra [Applied Biomechanics Research group](#) to host an ANZSB regional biomechanics research symposium. The event will include a gait lab demonstration in our state-of-the-art biomechanics laboratory, research presentations and catered lunch. The event will provide the opportunity to bring together the biomechanics researchers in the Canberra region to build networks and strengthen cross-institution collaborations. Attendance is free, but we encourage all attendees to become ANZSB members and access the member [benefits](#).

## Research Presentations

Student research presentations will be 10 minutes in duration, plus question time. **ANZSB is sponsoring a \$200 prize for the best student presentation.** To be eligible for the prize, you must be an [ANZSB member](#). Please contact [Ceridwen Radcliffe](#) with your title and indicate your ANZSB membership status by **27<sup>th</sup> November 2023**.

## Program at a glance

**9am:** Welcome and gait lab demonstration

**12pm:** Lunch and Professorial lecture

**1pm:** Student presentations

**3pm:** Research showcases

**5pm:** Awards and networking drinks

## Locations:

### Gait Lab Demonstration:

Sportstek Lab  
Building 29, Level B, Room 31  
University of Canberra, ACT

### Professorial Lecture:

Lecture Theatre  
Building 12, Level B, Room 50  
University of Canberra, ACT

### Research Presentations:

Lecture Theatre  
Building 2, Level B, Room 7  
University of Canberra, ACT
